week 500 dream menu

To celebrate This Week for Dinner's 500th weekly menu post, this I am sharing a (very large) handful of my some of my most favorite recipes from the blog. This menu is completely, totally, 100% UNrealistic. I would never make all of this food in one week! But if I did, it would certainly be a dream. Hence the title "dream menu."

Disclaimer: There are many more recipes on the site that I love equally as much, but I had to cut myself off at lucky #13. Be sure to wear your stretchy pants on Sunday.
